

Instructions:

This PDF contains simple question and answer card for the Parts of the Leaf.

The page is laid out in a grid style and the page should be cut along these lines to separate the questions from the answers.

Each page should be trimmed so that when mounted on Green card a Green border is visible.

Each card should be the same size as the cards used for the pictures of Parts of the Leaf.

The child uses this material after he/she has been introduced to the definition cards. The child is encouraged to find the answer to the question by referring to the definition cards. Constructing full sentences rather than one word answers is preferable.

All downloads are for your own personal use and cannot be sold, uploaded to your own website, social media page or file sharing website.
